HIS FINANCIAL LETTER.

SENATOR VANCE SURPRISED AT THE CRITICISMS OF THE PRESS.

He Says He is Squarely on the Democratic Platform and Wants All of Its Pledges Kept_News of the State.

RALEIGH, N. C., July 29,-Special.-Another letter from Senator Vance on the financial question was published today. In it he expresses his surprise that his former letter has caused Democratic was in sympathy with the Third party, and, in conclusion, he says: "I am squarely on the Democratic platform; I want all its pledges kept, those which favor the people as well as those desired by the bankers and brokers. SUPERIOR COURT AT OXFORD. Farmers Report That Crops Are Not Very Promising.

OXFORD, N. C., July 29.-Special.-The uperior court is in session here. Judge learge Brown is presiding. The criminal docket always has the right of way, but during the present court no cases of very

grave importance are on the docket.

The farmers who are in attendance on court do not report crops so good as they promised to be a few weeks ago. The wheat crop, although a larger quantity than usual was sowed, did not yield on an average as much as was estimated at the time of cutting. In some few locali-ties, however, the yield was exceptionally ept in certain favored regions, licates that this important crop will nothing extra in yield. As regards the foliacco crop, it is now pretty evident that much of it will be inferior in the northern part of this county. In other complaint that the tobacco is of a little above average promise at this season of the year as to quality and

SUITS FOR INFRINGEMENT. The Carter Machine Company After Win-

ston Manufacturers. WINSTON, N. C., July 29.-Special .-The Carter Machine Company, of Danville, Va., has entered suits against eight of Winston's tobacco manufacturers for infringing on their casing machine patents. The papers have been served, and the case will come up for trial early in September in the United States Court at

Greensboro. The case will be watched with great interest. Last year the eight manufacturers against whom suit has been brought and four others who have since made a ompromise with the Danville company used the Frost machine, manufactured in Winston, which machine the Carter Company claims is an infringement on their patent. It appears that Mr. Frost failed patent. It appears that Mr. Frost failed to secure a patent on his machine, and now the Carter people intend to sue all parties for damages who used the Frost machines, claiming that Frost's failure to secure a patent is evidence that his machine is an infringement of their own. A strong fight will be made on both sides, and the decision reached will be a most important one in patent law history.

DROUGHT IN WEST FIRGINIA.

No Rain Since the First of the Month.

Vegetation Suffering. WHEELING.W. VA.,July 29.-West Virginia is suffering from the most severe and long continued drought which has been known in many years. There has been no rain worthy of mention since the first of the month, and during the time the weather has averaged about & de-grees, while 100 has been reached three and 28 several times. The Ohio river is but little more than a creek, the wharf marks showing less than two feet in the channel. Wheeling creek, the principal stream of this county, has almost entire-

out a trace of water.

Along the Baltimore and Ohio railroad

great trouble is experienced in getting water for the locomotives. There have been several destructive forest fires, that at Alaska being the most severe, in which four dwellings and several hundred acres of valuable hard wood timber were destroyed.

The farmers are discouraged. Oats are

short and drying up without ripening. Corn has turned brown, and is drying up. Fruits and garden produce are a failure, and potatoes will be less than half a crop.

Among the Richmond people visiting the World's Fair at Chicago are Messrs. Samuel Cohen, William D. Meyer, J. C. Hofheimer, Seymour Sycie, Samuel Sycie and Moses Rese.

of business at the Stock Exchange to-day the market was weak and lower. General Electric and Chicago Gas were the special features. The former opened at 30, a decline of 5½ per cent. as compared with Friday's closing figures. conpared with Friday's closing figures. The break was due to forced sales, and at the decline there was some good buying, and the stock rallied quickly to 39, receded to 36%, and closed at 28. Chicago Gas was hammered down 7 points to 40, recovered to 43%, receded to 41%, and closed at 42%. There was some dispute about the opening price, the stock having sold simultaneously at 44 and 41. Rumors of a bond issue to 44 and 41. Rumors of a bond issue to pay for construction, and that the company would pass its dividend accounts for the break. Officials here denied the truth of the reports. The general market displayed general weakness, the market displayed general weakness, the bears having made the most of the fact that the savings banks would take advantage of the time clause. The conservative element of the street, on the other hand, commended the action of the presidents. The decline outside of Chicago Gas and General Electric ranged from 1 to 4% per cent. The greatest from 1 to 4½ per cent. The greatest losses were in Delaware and Hudson, Lackawanna, the Grangers, Missouri Pacific, Manhattan, Western Union, Lake Shore, and Louisville and Nashville. The low price attracted purchasers, and a recovery of ½ to 1 per cent. followed, The trading in odd lots was again on a heavy scale, and quite a feature of the market is the bank statement, which proved unfavorable, as expected, and the market eased off again. Among the specialties Pullman broke 10 to 140 and rallied to 142, and Evansville and Terre rained to 142, and Evansyline and Terrescoped 8 to 82, and Susquehanna and Western preferred new 7 to 33. At the close speculation was firmer in tone. The total sales were 164,000 shares, of
